Thursday, April 2, 2020

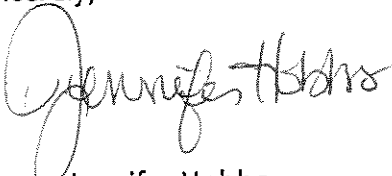

To the Citizens of Wynne,

We are officially closing all playgrounds in the City of Wynne effective immediately. We made this decision with much thought and contemplation. While we know it is important for our children to get out and play and exercise; we feel it is more important to protect their health and risk of infection of the Coronavirus at this time. We will leave walking trails and the fishing pond open at this time.

We do encourage families to get outside and enjoy the sunshine. Bike riding and walking are good safe activities. Please continue to practice social distancing. The President and the Governor have asked us to do our part and it is a small sacrifice in the face of this pandemic if the consequences of not doing so include infecting our friends and family. This social distancing includes trips to the store. Please pick one family member to be the designated shopper and go to the store only as needed. Please do not take your children and family to the store with you at this time.

Our thoughts and prayers are with you all in the trying time. We will get through this and if we do our part it will be sooner rather than later. Stay safe and well. We will be seeing you soon.

Sincerely,

Mayor Jennifer Hobbs
